Anderson Hall—The Administration Building.

On behalf of the Yearbook Staff, I wish to express appreciation to those who have helped to make this book possible. We give particular thanks for the untiring assistance to our sponsors, Mrs. Marion Jones, Dean of Women and to Miss B. F. Streeter, Assistant Librarian.

In this Yearbook we purpose to narrate and reveal the various activities of this Institution and its very fine students of the school year of 1957-58.

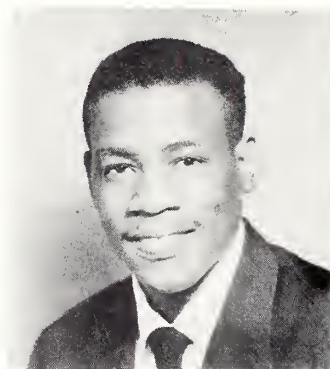

It is our intention to produce a Yearbook not only for its style and beauty, but mostly to display its glorious meanings.

We shall always strive to protect a quality given to us from a good heritage and for years to come be mindful of our responsibilities.

Mother Dorothy E. Littlejohn

*This Page of the 1958 Annual is in the
Memory of "Mother" Dorothy E. Littlejohn.*

"Mother" Littlejohn gave most of her life in the service of this institution. She joined the staff while it was still an Academy and remained with the Institution until she slept away September 3, 1957. She gave not only her time and talent, but also her earnings. Her last gift was shortly before her passing, represented her life's savings. She established a scholarship fund to aid worthy students of future generations.

THE COLLEGE

Historical Florida Normal and Industrial Memorial College is nestled beneath the moss laden oaks and the tall stately pines three miles west of Saint Augustine, the oldest city in the United States.

The Florida Baptist College, as it were then, was founded in a church in Jacksonville, Florida, in 1892 by a few far-sighted, public spirited Christians who wanted to provide educational and vocational training for the young men and women of Florida and at the same time guide them in building strong Christian character. To this end, the school has worked for sixty-six years.

The Reverends M. W. Gilbert, J. T. Brown and Miss Sarah Blocker were the co-founders, each of whom were formerly associated with the Live Oak Institute which was also a Baptist School founded at Live Oak, Florida, in 1879.

1894, the Reverend J. T. Brown was elected the first president of the infant institution in which capacity he served until 1896.

1896, Mr. Nathan W. Collier became the second president and remained the mentor until 1941. The college thrived under his illustrious leadership. The following are a few of the outstanding events that occurred during his administration:

1900, James Weldon Johnson and his brother Rosmond, both instructors of music at the Florida Baptist Academy wrote the words and music to the Negro National Anthem (sic). The students at this institution were the first to sing this great work.

1901, President Theodore Roosevelt visited Florida Normal.

1918, for expansion purposes, the Florida Baptist Academy moved from Jacksonville to Saint Augustine, its present location and settled on a 1100 acre tract three miles west of the Ancient City. Its name was then changed to Florida Normal and Industrial College.

1924, the first permanent building, Anderson Hall was erected; followed by other buildings: Bacon Hall, Fisher Hall, Jonathan Sewall Library and others.

1931, the college was accredited by the Southern Association of Colleges and Secondary Schools and the Florida State Department of Education.

1942, Dr. William Gray was appointed president, following the death of Dr. Collier. He served until 1944, then was succeeded by Dr. John Tilley, the fourth president.

1942, the supporters of the defunct Live Oak Institute combined their efforts with the other Baptist supporters of the Florida Normal and Industrial College, thus the Institution became Florida Normal and Industrial Memorial College.

1945, the first four year class was graduated.

1950, Dr. R. W. Puryear was elected the sixth president. Some of the outstanding achievements of his administration are the following:

1951 the college was accredited by the Southern Association of Colleges and Secondary Schools. It was also approved by the Florida State Department of Education.

1953 additions were made to Anderson Hall and to Jonathan Sewall Library.

1954 the school became a member of the Association of Colleges and The American Council on Education.

PRESIDENT R. W. PURYEAR

THE PRESIDENT'S MESSAGE

Florida Normal and Memorial College

SAINT AUGUSTINE, FLORIDA

OFFICE OF THE PRESIDENT

Dear Seniors:

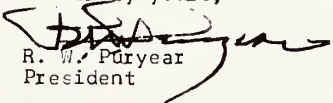

It is always a source of great joy for me to see the once awkward boy or girl who comes to Florida Normal as a freshman, leave some four years later as an adroit man or woman ready to meet whatever challenge the world might force upon him. Amid the joy that one receives from an experience such as the one mentioned above, there comes a bit of sadness—the breaking of ties, ties that you have woven into my life and the life of the college.

You, the class of 1958, are now "commencing" on the scene. You are sharing the same experience of many other graduates who are embarking on a new journey into this challenging age. We are counting on you and your "gang" for more than my "gang" and I have done. I am not apologizing for our contribution, because we have given Salk Vaccine and "Sputnik" we feel however, that you have a greater opportunity to make your influence felt. Your class has ability, scholarship and leadership; therefore, we feel reasonable sure that in the not too distant future you will have transplanted these to larger and more significant settings; thereby reaching more people and rendering a greater service. Your "brother" and "sisters" of the Florida Normal Family are making outstanding contributions in all walks of life throughout these United States. Accept them as "models".

As you go into this world of challenge and change, bearing the imprints of our educational efforts, we firmly hope that your standards will be guided by our basic philosophy and that your years spent here will be perpetuated by the memories and purposeful activities of which you were a part.

We shall miss you, but our prayers and our good wishes will go with you.

Sincerely yours,

R. W. Puryear
President

SERVANTS SCHOOL

Way back when Mom and Dad were graduating, I was just beginning to learn of all the ways I could help around the home.

Now, I've received my diploma as a full-fledged, all-around Household Helper. The list of things I do to help you enjoy life is many times longer than it was 25 years ago. What's more, my average hourly wage for helping with homework is just about half what it was then.

Reddy Kilowatt
